

COREACT.EDU

**HOW TO... ANTI-CORRUPTION
FOR YOUTH!**

**9.-10. DECEMBER 2022
FRANZ-MEHRING-PLATZ 1 - BERLIN**

WHAT IS COREACT

The concept of Coreact was initiated by mafianeindanke in 2019, with a two-days event in Berlin that brought together over 200 activists from all over Europe. All participants were, in different ways, committed to fighting corruption, mafias, organised crime, illicit financial flows and money laundering, advocating for greater transparency and promoting the activation of the civil society in these matters. The two days were structured under the motto "how to..." in many parallel workshops, in a peer-to-peer exchange of methods and experiences.

WHAT IS COREACT.EDU

With the second edition of this event, we want to share with you some of our work of the last two years, to approach complex topics such as delegation of power, corruption, civic monitoring, confiscated assets and access to information with young people. We will be supported by the materials produced/ profit from the work done together with our European partners within the two Erasmus+ projects You Monitor (Empowering Youth to build monitorial communities against corruption) and Europe Hub. We will explore together different ways in which anti-corruption activism can be declined, and can also be fun!

FRIDAY 9TH

Speakers and public will engage in an active exchange and interactive dialogue, discovering together how varied and intriguing can activism be! We will start with a game, and continue with a group discussion – then we will conclude with a special live concert and a food&drinks moment, to let you get to know the other participants.

SATURDAY 10TH

We will structure the day in two blocks of workshops, during which we will explore in practice the methodologies we have developed in our projects You Monitor (Empowering Youth to build monitorial communities against corruption), Europe Hub and the first part of the Quaderno Didattico (for teacher of Italian language). You will be able to go home with new ideas, materials, and competences to be directly implemented with your reference group.

WHO CAN PARTICIPATE

Everyone is very welcome to join the event! The participation is free of charge. We are particularly interested in involving people working in the education field – at all level and with all kind of groups. The methodologies and topics we will introduce can be adapted and used in different context, and do not require any previous knowledge or experience. If you are inspired by topics such as anti-corruption, conflict of interest, confiscated assets, civic monitoring – and you wonder how could you possibly include them in your educational work, you are exactly right!

OBJECTIVES

Our goal is to support the development of a new generation of activists. And we don't mean it as the generation of the future, but as the generation of today. The event creates an inclusive and safe environment where people can learn from each other, exchanging experiences and methods, and providing practical tools and possible partnerships for tackling social phenomena like mafias and mafia-cultures, illicit financial flow and money laundering through youth empowerment and the public and social re-use of confiscated assets.

WHO WE ARE

mafianeindanke e.V. is a non-profit association engaged in the prevention of mafia phenomena, organised crime and corruption based in Germany. Formally registered in 2009, it was initiated by a group of Italian restaurant-owners in Berlin, who opposed and denounced a request of protection money in 2007, just a couple of months after a multiple mafia-murder had taken place in Duisburg. Since then, the main goal of the association is to raise awareness about the presence of mafias and organised crime in the country, and inform about the risks that those phenomena represent for democracy, social justice, equality and freedom.

mafianeindanke is part of the European network CHANCE – Civil Hub Against orgaNised Crime in Europe. Many CHANCE members will participate to the event sharing their own experiences.

Co-funded by the
Erasmus+ Programme
